For Parents and Carers of Children 1-5 years

1-session

Workshop Overview

Parenting children can be the most rewarding and satisfying role many of us will have in our lifetime.

This interactive workshop will help you to discover new ways to build your knowledge and skills to motivate your children to achieve their goals, build strong relationships with family and friends and make good decisions in different areas of their life.

Come and explore with other parents, topics such as how to improve your child's confidence and social skills, strengthen their values and identity and create a vision that will help them to achieve their dreams.
