

Peer Pathways

Are you a young person who has been through challenging life experiences?

Youth Peer Pathways is a free, 10 week program, for young people aged 18 to 25 years. It provides you with exposure to the community service sector, with a focus on learning more about Peer Support Work. This includes learning how to safely share your story in a way that may help others.

The program introduces you to professionals in the industry. It also pairs learning both in the classroom and community setting, with individual support, to assist you with your goals of exploring future education, training and/or advocacy opportunities.

To request more info or to submit an expression of interest form:

- email PeerPathways@mercycare.com.au
- or Call/SMS Nisha on 0437 709 876
